Our business has become a National one, and it's this National business that enables us to sell papers in our retail device. A national business in Wall Paper means the maintaining of a stock, the year around, of from 150,000 to 250,000 rolls of paper. These letters are not testimonials — but ordinary correspondence, which teils its own story.

They tell you that we are able to sell papers in St. Thomas, Toronto, Hali fax, Montreal, London, Hamilton, Vancouver and every other city, town, village, hamlet, burg or crossroads in Canada.

Could we do it if our papers were not right?
